Washington State Coalition Against Domestic Violence

Mission

The Washington State Coalition Against Domestic mobilizes our member programs and allies to end domestic violence through advocacy and action for social change.

Principles of Unity

The Washington State Coalition Against Domestic Violence affirms the right of each person to live without fear or the threat of violence. We oppose the use of violence as a means of control.

We recognize that oppression in the form of racism, sexism, classism, anti-Semitism, imperialism, ageism, heterosexism, oppression of persons with disabilities, and religious oppression, creates a climate of supremacy and ownership which enables domestic and sexual violence.

We recognize that religious beliefs and practices are matters of personal conscience and individual choice. Therefore, no member shall promote or discourage a particular set of religious beliefs in the course of his/her work.

We believe that all women have the right to autonomy and self-determination regarding sexual and reproductive matters, lifestyles, finances, education, and employment.

We encourage the leadership of women in making policy and program decisions.

We are accountable to victims and survivors of domestic violence.
